Wireless Reach U.S.: AR in education

Qualcomm® Wireless Reach™ brings advanced wireless technologies to underserved communities globally, with programs that strengthen economic and social development.

Wireless Reach has teamed up with School in the Park (SITP), The San Diego Museum of Art, the San Diego Zoo, and the San Diego History Museum to develop unique educational Augmented Reality(AR) experiences through 3G-connected mobile devices to enhance teaching and engage students. By supporting learning in informal settings, museums and educational institutions in San Diego's Balboa Park are helping
